What is the dental accident and emergency insurance benefit?

Our dental plans are not insurance schemes, but we have included first-class insurance cover underwritten by Hiscox, one of the UK's leading insurers, to pay for the cost of treatment if you damage your teeth as a result of an accident or need a dentist in an emergency outside of normal surgery hours or whilst away from home. The insurance covers you anywhere in the world for:

- Accidental damage to your teeth as a result of a fall or blow, including cover for the placement, replacement or repair of implants following an accident
- Emergency treatment when away from home or outside normal surgery hours

For full terms and conditions please refer to the Supplementary Dental Accident & Emergency Insurance Policy.
